

Boat Storage 2010 Season from April 1st

If you are interested in sailing or kayaking from our club, you may store your boat on either a six or 12 month basis. The compound is not a boat store – it is for active members who intend to use the compound for the purpose for which the club was set up. All those with boats in the compound are obliged to be a member. Membership is on an annual basis only.

To register and store a boat with us, circle or highlight the relevant Total value in blue on the form below. Enter your name and contact details and either hand it into The Beach House Café on Portobello Promenade or mail it to:
